Development & Location

If you are looking for a high quality A rated new home that offers you the ideal lifestyle, in an area surrounded by countryside, with all the amenities you could want on your doorstep, then look no further than Deerpark. Perfectly positioned to enjoy local beaches, parklands, countryside and golf courses - plus easy access to Dublin via M50 motorway and with regular bus & rail links. The town has great local shopping, schools, leisure activities and amenities all making Deerpark a great place to call home. Ideally situated close to 'The Deerpark Trail', a mixed woodland loop which was once part of the Ram Estate. From the 1800s

onwards, the Ram family gifted the people of Gorey access to the demesne land for walks, so it is fitting they have been made available again in the 21st century. 'Sweet Walk trail' starts just outside the Deerpark development. Deerpark is only 5 mins from Gorey town centre, known as the retail hub of the sunny southeast with an array of independent boutiques, restaurants and coffee shops dotting its streets. With a population just under 10,000, it has become a popular commuter town for people working in Dublin, or more recently, hybrid working from a Dublin office. However, in recent years there's been significant investment in the area to attract those seeking a better work-life balance, such as Wexford County Council's 'Hatch Lab', a dynamic technology business space offering hot desks and permanent office solutions.
